Plisse & Duette® Shades model AE 10

Installation between glass holders (tightly to the glass)

Install the mounting plates to the upper glass holder with screws.

Attach the upper profile of the blinds to the mounting plates.

Installation with overlapping the joinery

- can be executed with metal or PVC brackets which can be viewed in the extras

Install the metal brackets to the upper glass holder with screws. Install the mounting plates and attach the upper profile.

Use the el. button or the remote to control the blinds.
