

## Standard color production of Vertical blinds

By standard vertical blinds are produced with **white bottomplates** and **white bottomlinkage**, if the customer has not chosen as an extra one of the following: beige bottomplate/beige PVC bottomlinkage, black bottomplate/black PVC bottomlinkage or a metal bottomlinkage.

You have to pay an additional amount for the extras: <https://www.kamax.bg/products/vertikalni-tekstilni-i-aluminievi-shtori/vertikalni-shtori-aluminieva-relsa-k01-lux>
