

Who can I contact if there is a problem with my blinds or awning and they are still in warranty?

When you have made an order with a distributor of Kamax, it is recommended to contact them. Our distributors will quickly and easily react to the problem and with our assistance you will receive a repaired or new product as soon as possible. If the order has been made directly at Kamax, you can contact us via the national phone numbers as well where an employee from "Customer service" will direct you to the correct person or will take the necessary actions for removing the problem.
